Personal Data Automatically Collected

We, and our third-party partners, automatically collect information you provide to us and information about how you access and use our products and services when you engage with us. We typically collect this information using a variety of our own and our third-party partners' automatic data collection technologies, including (i) cookies or small data files that are stored on an individual's computer and (ii) other, related technologies, such as web beacons, pixels, embedded scripts, mobile SDKs, location-identifying technologies and logging technologies. Your Privacy Choices

The following privacy choices are made available to all individuals with whom we interact. You may also have additional choices regarding your personal data depending on your location or residency.

Communication Preferences

- **Email Communication Preferences:** You can stop receiving promotional email communications from us by clicking on the “unsubscribe” link provided in any of our email communications. Please note you cannot opt-out of service-related email communications (such as account verification, transaction confirmation, or service update emails).
- **SMS/Text Message Preferences:** You can stop receiving promotional SMS/text messages from us at any time by replying “STOP,” “QUIT,” “END,” “CANCEL,” or “UNSUBSCRIBE” to any promotional text message you receive from us. You may receive one final confirmation message following your opt-out request. For help, reply “HELP” or contact us at info@thesellingnetwork.com. Please note you cannot opt-out of transactional SMS messages necessary to service your account, such as login one-time passcodes (OTPs) or account security alerts, for as long as you use SMS-based login.
- **Push Notification Preferences:** You can stop receiving push notifications from us by changing your preferences in your device’s notification settings menu or in the applicable service-specific application. Please note we do not have any control over your device’s notifications settings and are not responsible if they do not function as intended.
- **Direct Mailing Preferences:** You can stop receiving promotional direct mail communications from us by contacting us at info@thesellingnetwork.com. Please note this opt-out does not affect any mailings that are controlled by third parties that may feature or mention our services.

Withdrawing Your Consent

Where we have your consent for the processing of your personal data (e.g., when you opt in to receive certain types of marketing communications from us), you may withdraw your consent by following the instructions provided when your consent was requested or by contacting us as set forth in the [Contact Us](#) section below.

Automatic Data Collection Preferences

Certain of our services may provide you the ability to adjust your preferences regarding our use of automatic data collection technologies. For example, there is a “Consent Preferences” manager linked in the footer of our websites that allows you to adjust your preferences regarding certain automatic data collection technologies on the specific website you are visiting for the specific device and browser you are using at that time (which means you will need to change your preferences on each device and browser you use to interact with the specific website you are visiting).

Where a The Selling Network-specific preference manager or privacy setting is not available, you may be able to utilize third-party tools and features to further restrict our use of automatic data collection technologies. For example, (i) most browsers allow you to change browser settings to limit automatic data collection technologies on websites, (ii) most email providers allow you to prevent the automatic downloading of images in emails that may contain automatic data collection technologies, and (iii) many devices allow you to change your device settings to limit automatic data collection technologies for device applications. Please note that blocking automatic data collection technologies through third-party tools and features may negatively impact your experience using our services, as some features and offerings may not work properly or at all. Depending on the third-party tool or feature you use, you may not be able to block all automatic data collection technologies or you may need to update your preferences on multiple devices or browsers. We do not have any control over these third-party tools and features and are not responsible if they do not function as intended.

Targeted Advertising Preferences

We engage third parties to help us facilitate targeted advertising designed to show you personalized ads based on predictions of your preferences and interests developed using personal data we maintain and personal data our third-party partners obtain from your activity over time and across nonaffiliated websites and other services. The data we and our third-party partners use for purposes of facilitating targeted advertising, as well as to provide advertising-related services such as reporting, attribution, analytics, and market research, are primarily collected through the use of a variety of automatic data collection technologies, including cookies, web beacons, pixels, embedded scripts, mobile SDKs, location-identifying technologies and logging technologies. We may share a common account identifier (such as a hashed email address or user ID) with our third-party advertising partners to help link the personal data we and our third-party partners collect to the same person, or otherwise target advertising to an individual on a third-party website or platform.

In addition to taking the steps set forth in the [Automatic Data Collection Preferences](#) section above, you may be able to further exercise control over the advertisements that you see by leveraging one or more targeted advertising opt-out programs. For example:

- **Device-Specific Opt-Out Programs:** Certain devices provide individuals the option to turn off targeted advertising for the entire device (such as Apple devices through their App Tracking Transparency framework or Android devices through their opt out of ads personalization feature). Please refer to your device manufacturer’s user guides for additional information about implementing any available device-specific targeted advertising opt-outs.
- **Digital Advertising Alliance:** The [Digital Advertising Alliance](#) allows individuals to opt out of receiving online interest-based targeted advertisements from companies that participate in their program. Please follow the instructions at <https://optout.aboutads.info/?c=2&lang=EN> for browser-based advertising and <https://www.youradchoices.com/appchoices> for app-based advertising to opt out of targeted advertising carried out by our third-party partners and other third parties that participate in the Digital Advertising Alliance’s self-regulatory program.
- **Network Advertising Initiative:** The [Network Advertising Initiative](#) similarly allows individuals to opt out of receiving online interest-based targeted advertisements from companies that participate in their program. Please follow the instructions at <https://optout.networkadvertising.org/?c=1> to opt out of browser-based targeted advertising carried out by our third-party partners and other third parties that participate in the Network Advertising Initiative’s self-regulatory program.

- **Platform-Specific Opt-Out Programs:** Certain third-party platforms provide individuals the option to turn off targeted advertising for the entire platform (such as certain social media platforms). Please refer to your platform provider's user guides for additional information about implementing any available platform-specific targeted advertising opt-outs.

Please note that when you opt out of receiving interest-based advertisements through one of these programs, this does not mean you will no longer see advertisements from us or on our services. Instead, it means that the online ads you do see from relevant program participants should not be based on your interests. We are not responsible for the effectiveness of, or compliance with, any third parties' opt-out options or programs or the accuracy of their statements regarding their programs. In addition, program participants may still use automatic data collection technologies to collect information about your use of our services, including for analytics and fraud prevention as well as any other purpose permitted under the applicable advertising industry program.

Modifying or Deleting Your Personal Data

If you have any questions about reviewing, modifying, or deleting your personal data, you can contact us directly at info@thesellingnetwork.com. We may not be able to modify or delete your personal data in all circumstances.

Partner-Specific Preferences

- **Device-Specific / Platform-Specific Preferences:** The device and/or platform you use to interact with us (such as your mobile device or social media provider), may provide you additional choices with regard to the data you choose to share with us. For example, many mobile devices allow you to change your device permissions to prevent our products and services from accessing certain types of information from your device (such as your contact lists or precise geolocation data), and many social media platforms allow you to change your platform permissions to prevent integrated products and services from accessing certain types of information connected with your profile. Please refer to your device or platform provider's user guides for additional information about implementing any available platform-specific targeted advertising opt-outs.
- **Google Analytics:** Google Analytics allows us to better understand how our customers interact with our services. For information on how Google Analytics collects and processes data, as well as how you can control information sent to Google, review Google's website here: www.google.com/policies/privacy/partners/. You can learn about Google Analytics' currently available opt-outs, including the Google Analytics Browser Add-On here: <https://tools.google.com/dlpage/gaoptout/>. We may also utilize certain forms of display advertising and other advanced features through Google Analytics. These features enable us to use first-party cookies (such as the Google Analytics cookie) and third-party cookies (such as the DoubleClick advertising cookie) or other third-party cookies together to inform, optimize, and display ads based on your past visits to our services. You may control your advertising preferences or opt-out of certain Google advertising products by visiting the Google Ads Preferences Manager, currently available at <https://myadcenter.google.com/personalizationoffhttps://myadcenter.google.com/personalizationoff?sasb=true&ref=ad-settings>.

Children's Personal Data

Our services are not directed to, and we do not intend to, or knowingly, collect or solicit personal data from children under the age of 13. If an individual is under the age of 13, they should not use our services or otherwise provide us with any personal data either directly or by other means. If a child under the age of 13 has provided personal data to us, we encourage the child's parent or guardian to contact us to request that we remove the personal data from our systems. If we learn that any personal data we collect has been provided by a child under the age of 13, we will promptly delete that personal data.

Third-Party Websites and Services

Our services may include links to third-party websites, plug-ins, applications and other services. Except where we post, link to or expressly adopt or refer to this Privacy Notice, this Privacy Notice does not apply to any personal data practices of third parties. Updates to This Privacy Notice

We may update this Privacy Notice from time to time. When we make changes to this Privacy Notice, we will change the date at the beginning of this Privacy Notice. If we make material changes to this Privacy Notice, we will notify individuals by email to their registered email address or by SMS to their registered mobile phone number, by prominent posting on this website or our other platforms, or through other appropriate communication channels. All changes shall be effective from the date of publication unless otherwise provided.
